

Mr. Ginn has over 28 years of experience in the Government and Military Construction Industry; as well as the Government Manufacturing affiliates such as Pratt & Whitney Aircraft F-16 and FY22 programs. Throughout his career, he has a broad array of accomplishments working with the Military Bases, and especially the Wounded Warrior Foundation Projects. Mr. Ginn has been a sustaining member of the Society of American Military Engineers for more than 15 years. Safety, Dedication, and Commitment always comes first.

K. Brian Ginn, V.P. Director of Operations
B.S. Industrial Engineering 1998
